03:52:08 – 03:59:16	Interview with Abdulaziz Shamsan, displaced Yemeni	My name is Abdulaziz Ahmed Shamsan. I am displaced from Maqbanah district, Al-Yemen sub-district, Al-Towair village.
03:59:17 – 04:07:10		We were displaced two years ago, on 17 March 2021. This is our third year in this camp.
04:07:11 – 04:10:08		We fled our homes, leaving everything behind us.
04:10:09 – 04:18:10		We slept peacefully but woke up in the morning on a frontline.
04:18:11 – 04:25:17		There are no chances of work here and we don't have any source of income.
04:25:18 – 04:32:11		It isn't safe to travel looking for work, leaving my children under plastic sheets.
04:32:12 – 04:44:23		If you visit a gathering point of casual workers, you will see it full of workers waiting for some opportunity.
04:44:24 – 04:59:10		Displaced families need food, shelter, light, water, and access to education which is important.
04:59:11 – 05:06:15		Some children are uneducated because they can't access school.
05:06:16 – 05:20:23		I hope that the suffering of Yemenis is addressed in 2023, that our suffering is alleviated through the provision of basic services.
